

# Kia Ora!

# I'm Maxine Yang.

I'm a highly motivated student with a passion for computer science and a keen interest in both software development and UX/UI. I'm eager to gain work experience and help you build aesthetic and intuitive products.

## Work Experience

### IB English & Mathematics Tutor

Aug. 2022 - Present

MyTuition

- Providing academic assistance for students undergoing the International Baccalaureate Diploma Programme, particularly in Mathematics and English.
- Collaborating closely with students and parents to create goal-specific learning plans according to their individual needs.

### Web Development Intern

Oct. 2018 - Nov. 2018

YangBrothers (Hong Kong)

- Worked with supervisor to implement edits to an existing website using CSS/HTML code.
- Aided in designing new components through wireframing.

## Projects

### Designer & Presenter

Jan. 2024 - Feb. 2024

CIE Summer Lab

- 4-week innovation and entrepreneurship programme in which my team designed a database solution to aid in Auckland Council's disaster recovery efforts.
- Designed a Figma prototype following research specifications developed through weeks of interviews and literature reviews.
- Collaborated with a team to deliver a final pitch of our solution to a panel of judges.

### Researcher

Aug. 2023 - Oct. 2023

UoA Effective Altruism Research Programme

- 9-week research programme discussing financial standards and regulations as a case study for developing AI safety standards.
- Designed and enacted a research plan alongside a team of fellow students, culminating in a final research presentation.

### Logistics Advisor

Jun. 2019 - Apr. 2020

Spark Debating (Hong Kong)

- Led and organized a debate tournament and training workshops for approximately 200 students in Hong Kong.
- Collaborated with and arranged communications between the student organisation, venue staff, and interested participants.
